PAT Inc attends 15th Annual Trimble Resellers Meeting

Killarney, Manitoba, January 18, 2010 –

PAT Inc (Positioning & Autosteer Technologies Inc) attends the 15th Annual Trimble Resellers Meeting in Loveland, CO. The annual meeting kicks off on Monday evening and runs until Thursday January 21, 2010. We are currently at the meeting and look forward to seeing all the new innovations that Trimble has to offer the agricultural market this year.

PAT Inc is also attending Ag Days in Brandon, MB during January 19th to the 21st. Please stop by our booth at the show as we always look forward to discussing your GPS technology needs.

About PAT Inc

PAT Inc. is the largest stocking dealer of Trimble Agricultural GPS products in Canada. With over 50 years combined knowledge of agriculture, machine control GPS integration, our operation ranges from the Red River to the Peace River. Working with Industry leaders as a product development partner, PAT Inc. has the knowledge and resources to keep your Machine control, laser, AgGPS products updated and operational. We service what we sell!

Unlike most dealers we have direct access to suppliers, as an Authorized Business Partners. We conduct contract field testing of new products and have first-hand knowledge and contacts to iron out any technical or knowledge-based queries.
