

NEW RELEASE

PAT Inc receives 12th Consecutive Platinum Circle Award
along with a consecutive Regional Sales & Marketing Award
at the 15th Annual Trimble Resellers Meeting

Killarney, Manitoba, January 22, 2010 –

PAT Inc (Positioning & Autosteer Technologies Inc) attends the 15th Annual Trimble Resellers Meeting in Loveland, CO. At the awards banquet held on January 19, 2010, PAT Inc receives its 12th Consecutive Platinum Circle Award along with a consecutive Regional Sales & Marketing Award. It was a great evening topped off with great entertainment and meal.

PAT Inc would again like to thank its dealer network for all the hard work that they achieved in 2009, despite the economic challenges that the year brought all of us. Lets all put the past year behind us and focus on a better 2010.

About PAT Inc

PAT Inc. is the largest stocking dealer of Trimble Agricultural GPS products in Canada. With over 50 years combined knowledge of agriculture, machine control GPS integration, our operation ranges from the Red River to the Peace River. Working with Industry leaders as a product development partner, PAT Inc. has the knowledge and resources to keep your Machine control, laser, AgGPS products updated and operational. We service what we sell!

Unlike most dealers we have direct access to suppliers, as an Authorized Business Partners. We conduct contract field testing of new products and have first-hand knowledge and contacts to iron out any technical or knowledge-based queries.
