

NEW RELEASE

PAT Inc attends Agri-Trade in Red Deer, AB

Killarney, Manitoba, November 19, 2009 –

PAT Inc (Positioning & Autosteer Technologies Inc) attended the Agri-Trade Show in Red Deer, AB. Good attendances were seen throughout the show with records attendances on Wednesday of the show. There were a lot of buzz over better corrections and producers ready to make the next step in precision farming.

About PAT Inc

PAT Inc. is the largest stocking dealer of Trimble Agricultural GPS products in Canada. With over 50 years combined knowledge of agriculture, machine control GPS integration, our operation ranges from the Red River to the Peace River. Working with Industry leaders as a product development partner, PAT Inc. has the knowledge and resources to keep your Machine control, laser, AgGPS products updated and operational. We service what we sell!

Unlike most dealers we have direct access to suppliers, as an Authorized Business Partners. We conduct contract field testing of new products and have first-hand knowledge and contacts to iron out any technical or knowledge-based queries.
