

NEW RELEASE

PAT Inc took part in Trimble Service Center Certification and currently have 5 certified staff

Killarney, Manitoba, October 5, 2009 –

PAT Inc (Positioning & Autosteer Technologies Inc) took part in Trimble Service Center Certification and currently have 5 certified staff. We had in house training by Trimble staff in our service center in Killarney, Manitoba.

About PAT Inc

PAT Inc. is the largest stocking dealer of Trimble Agricultural GPS products in Canada. With over 50 years combined knowledge of agriculture, machine control GPS integration, our operation ranges from the Red River to the Peace River. Working with Industry leaders as a product development partner, PAT Inc. has the knowledge and resources to keep your Machine control, laser, AgGPS products updated and operational. We service what we sell!

Unlike most dealers we have direct access to suppliers, as an Authorized Business Partners. We conduct contract field testing of new products and have first-hand knowledge and contacts to iron out any technical or knowledge-based queries.
